[Sign-Up Button]

Once you click it will save the data.

When you go

When you go to Our Purpose, I attached
the third party -website & noted reference
at last, Its just the simple page

Some Data

Font - red
Back-ground - Black

Reference link

will take you to the other website.
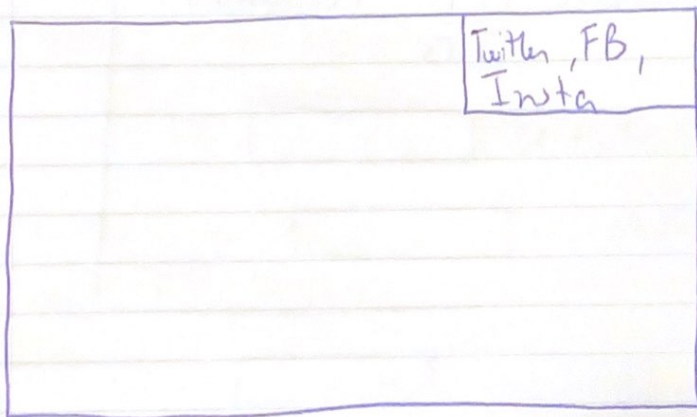

When you click -on FAQ

Some -data

Font - red
Back-ground - Black

On the lef right side of p footer I
attached the Social link with Social link

Once you press will take it to the next
redirect to other main page

For Example

| Twitter, FB, Insta | ← Once you click it will redirect to new home-page |
